“ To the family of Patsy Sue, When you loose some one, finding the words to describe the feeling can be tough. We have all been there, the comments about how they are in a better place sometimes helps to hear, but ultimately there is nothing that can be said to make the feeling of remorse dissipate. So hopefully you can all take solace in knowing, while I never met Patsy Sue, I recognize the effect she has had on my life, through her daughter Connie. I have only known Connie for just over a year, but I can appreciate what a great job her mother did in raising her. As you should all know, she has raised a very confident and strong woman. So in that, she did what she came to do, as far as I see it. So I would just like to say, your family will be in our thoughts and prayers. I am sure you will all miss her very much in the coming years, around her birthday, around Mothers day and Holidays, but just remember, she lives on in all of those that keep her memory alive. Share your stories with others, especially the grand kids so she will live on in their hearts as well. I've heard it said that no one truly ever passes away completely, so as long as their memory lives on.

Kind Regards,
